

Material-Hopper XS

SMALL VOLUME APPLICATION WITH WAGNER COBRA®

Small - Fast - Flexible

The innovative and exclusive technology of the WAGNER Cobra® high pressure diaphragm pump enables users to save up to 60% of time, paint and solvent waste on every color change and cleaning operation.

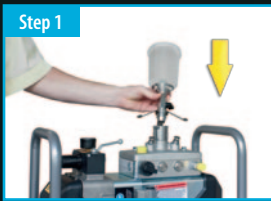

The new Material-Hopper XS has been developed to enhance the performances of the WAGNER Cobra® even for application of very low quantities of paint. It is the ideal solution in all laboratories for testing and developing which need high pressure (industrial conditions) and small

quantities. Also perfect for on site demonstrations or just for customers handling small work pieces and frequent color changes. Can be increased up to 5 liter hopper with optional adapter.

ADVANTAGES

- Low paint and material consumption by the use of the innovative Cobra® technology
- Application of small quantities
- Flexible and quick color change

Fast color changes - less solvent consumption

Step 1

Mount - Fill - Spray

Step 2

Color change: Close valve - Purge gun

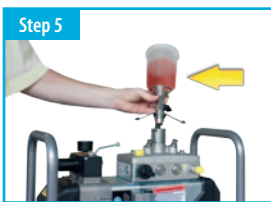

Step 3

Remove hopper/cup

Step 4

Flushing - Cleaning

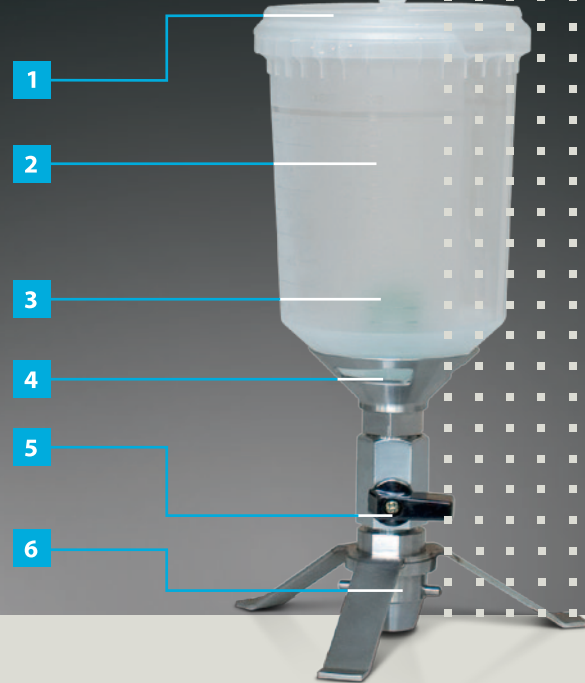

Step 5

Change color - Go back to step 1

MATERIAL HOPPER XS - SET

- 1 Cover with ventilation
- 2 Gravity cup 700ml
- 3 Material filter 195 µm
- 4 Hopper junction tool-free
- 5 Ball valve DN 10
- 6 Quick disconnect fitting

Ordering Information		Part No.
Material hopper set		
	Includes pump adapter, stand, quick disconnect fitting, ball valve, return pipe, 2 gravity cups and filter cartridges	2321424
Gravity cup		
	Gravity cup, 10 disposable cups including upper cover with air valve and outlet plug. Fill capacity 700 ml	2327245
	10 filter cartridges. mesh size 195 µm	2327251
Adapter		
	Adapter for WAGNER 5L material-hopper	935050
	Adapter for Walther Pilot 600 ml gravity cup	2321339
	Adapter for 3M gravity cup systems	2320842
Hose package		
	AirCoat hose package 3m long – including DN3 material hose and air hose	2322656
Demonstration kit		
	Including - Starter set with 4 cups, coves and filter cartridges, 3m AirCoat hose package DN 3 - AirCoat gun GM 4700AC - One air cap red and blue each, complete - ACF 3000 nozzle 09/40, 11/40 and 13/40 - ACF 3000 plus Pre-atomizer nozzle 08/40 and 10/40 - 3 Cage-Filter each: red, yellow and blue	2327252
